House Committee on Education and Labor Full Committee Hearing

Members Day Hearing: Committee on Education and Labor

Zoom

Thursday, April 22, 2021 | 10:15 a.m.

Today, the Committee is gathered to hear from Members of Congress about their priorities for improving our education system, supporting workers, making health care more affordable, and strengthening our economy.

The Committee's jurisdiction covers a wide range of policy areas that impact Americans across the country throughout their lives—from birth to retirement.

Accordingly, we have a responsibility to receive input and ideas from Members of Congress representing all parts of this diverse nation.

Today's hearing is an opportunity to engage in open dialogue about the work we still must do to support our communities. We will discuss how we can work together in a bipartisan manner to help our constituents recover from the COVID-19 pandemic and improve the quality of life for students, educators, workers, and families.

I want to thank all the Members, again, for being with us. We welcome your input and look forward to working together to ensure that America is a country where everyone can succeed.
