

**Remarks of Rep. Robert C. “Bobby” Scott (D-VA)
Statement on Proposed Oversight Plan
January 21, 2015**

Mr. Chairman, I would like to thank you and your staff for working with us on the proposed Oversight Plan, and for your willingness to incorporate some changes that we suggested. I hope we can continue to work in a bipartisan fashion whenever that is possible.

I also hope that the Committee will consider conducting oversight on some issues that are not specifically mentioned in the plan, such as juvenile justice and workplace safety. I believe the Committee would benefit from reviewing these issues as well.

I yield back.
