The Honorable George Miller
 2205 Rayburn House Office Building
 Washington, D.C. 20515

Dear Congressman Miller:

On behalf of the Michigan Works! Association, thank you for your work on the reauthorization of the Workforce Investment Act.

It is clear that you and your colleagues understand the great need to equip our workers with the training opportunities and education that they need to stay on pace in a competitive, global economy.

We appreciate your commitment to investing in the skills of America's workforce while also making sure that U.S. businesses stay ahead of global competition by modernizing the workforce investment system to better serve the needs of employers and workers.

It is paramount in this global economy to drive business growth and foster innovation by connecting employers with skilled workers and job seekers with the training and education opportunities to fill in-demand occupations.

We are grateful for your dedication and hope you recognize, as we do, the valuable role you play in reinventing our nation's workforce development system.

Thank you for your continued support and leadership in advancing this legislation.

Sincerely,

Charlotte (Charlie) Mahoney
